

Little Rock

## FARMERS' MARKET

at the River Market  
every Tuesday & Saturday  
7 am - 3 pm  
May through October

The Farmers' Market has been a unique shopping experience since it began in Downtown

Little Rock back in 1974.

These days, the Farmer's Market makes its home in the River Market's two outdoor, open-air pavilions overlooking Riverfront Park. The Farmers' Market is filled with farmers selling locally grown, farm-fresh produce straight to you from the backs of their trucks.

From early morning until mid-afternoon, you will find bargains on Arkansas Grown crops as well as a bountiful array of hand-made arts & crafts. Check out the back of this card for a handy In Season guide!
